

In addition to human health, the measure would also protect nocturnal creatures, bats, owls, etc. Jonathan Edwards MP has called for a measure such as this. Rhodri Glyn Thomas AM as called for a measure similar to this. This would not affect, or be affected by TAN 8, because TAN 8 does not deal with health implications of turbines. Also it only requires turbine plate capacities as a value, and not the efficacy of the turbines themselves. Wales has a long history of neglect of Health and Safety issues, leading to large parts of the community having restricted lives. During development, the hearing of the young should not be left to chance, and until substantial and medically accepted research points to a relaxation of the times and distances set out in this petition, we should err on the side of caution.
