

**P-04-449 Bridgend Princess Of Wales – Save Our Services – Stop the Downgrade! – Correspondence from the petitioner to the Committee, 20.05.14.**

Hello Kayleigh

Many thanks for your response.

Thankfully the South Wales Plan included Princess of Wales Hospital as one of the centres for A&E and services that were under threat.

Unless things change, there is no need for this petition to be heard at this time as it is no longer relevant.

Best regards

Ian spiller
