Inquiry into Children's Oral Health

Evidence from GISDA

Hello

I work for an organisation that supports young people aged 16–25 in the Gwynedd area. In a year we have received approximately 245 representations from young people. A large percentage of these do not have a dentist and are not getting the right treatment as, unfortunately, no dentists in the area are taking on new patients. It is a huge problem for us in Gwynedd.

If you would like to discuss the above further please contact me at the number below or by e-mail.

Thank you for your co-operation.

Catrin Roberts
