P-04-601 Proposed Ban on the Use of E-Cigarettes in Public

Places

Petition wording

We call upon the Welsh Government not to proceed with their proposed ban

on the use of e-cigarettes in enclosed public spaces, substantially enclosed

public places, and places of work in Wales. This proposal, if implemented,

can only lead to fewer people using e-cigarettes and more people smoking

cigarettes.

Additional Information:

Already 100,000 people in Wales are using e-cigarettes. These people are

smoking fewer or no cigarettes; this should be a cause for celebration, not

concern. A recent BBC poll found that 62% of the public opposed a ban on

the use of e-cigarettes in public. In Spain where a ban on the use of e-

cigarettes in public was introduced, there was a 70% decline in the use of e-

cigarettes and a rise in the rate of smoking. We fear the same will happen in

Wales if the Welsh Government implements their proposed ban. With a ban

on the advertising and promotion of e-cigarettes soon to be introduced,

following the passing of the Tobacco Products Directive, where are smokers

to find out about e-cigarettes, particularly if they are banned in public

places? Smokers need to see people using e-cigarettes in public, they need

to be able to go up and speak to e-cigarette users so that they can find out

further information and then hopefully make the switch to a safer

alternative.
