

P-04-590 Funding for the Cardi Bach Coastal Bus Service – Correspondence from the Petitioner to the Committee, 06.02.15

I would like to thank the Petitions Committee for their attention to our petition.

I am delighted at the Minister's response. Money has been found to fund the Cardi Bach coastal bus service for a year but it is hoped there will eventually be money to fund it indefinitely.

I would appreciate it if the Petitions Committee were to see fit to keep this petition open until a more permanent solution has been found.

Janet Richardson
