Dear Presiding Officer,

Thank you for bringing the Business Committee's work on its legacy report to the attention of the Health and Social Care Committee ('the Committee').

Unfortunately, due to the Committee's current legislative workload, it has not been possible for Members to give detailed consideration to the questions on which you are consulting. Nevertheless, you may wish to be aware that the Committee conducted a consultation on its Fourth Assembly legacy between 30 July and 30 October 2015. The Committee received a total of **15 submissions** which have been published on our website and which you may wish to consider as part of your work.

The Committee plans to undertake further work on its Fourth Assembly legacy during the Spring 2016 term. As part of this work, the Committee intends to consider the effectiveness of its legislative, policy and financial scrutiny, and the extent to which it has succeeded in striking a balance between these functions. It will also give consideration to the timetables within which it has been asked to Croesewir gohebiaeth yn Gymraeg neu Saesneg | We welcome correspondence in Welsh or English

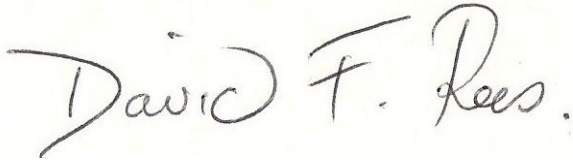

work, including meeting slots and the timescales set for its scrutiny of legislation (including Bills, LCMs and subordinate legislation).

While I understand that this work will not be completed in time to inform your review, I will ensure that the Committee's conclusions are shared with you when available. I hope this work will be a useful contribution to the consideration that the Fifth Assembly's Business Committee will give to the future committee structure early in the next Assembly.

Yours sincerely,
