**TOWN AND COUNTRY
PLANNING, WALES**

**The Town and Country Planning
(Environmental Impact Assessment)
(Wales) Regulations 2016**

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations consolidate with amendments the provisions of the Town and Country Planning (Environmental Impact Assessment) (England and Wales) Regulations 1999⁽¹⁾ (“the 1999 Regulations”) and subsequent amending instruments. The 1999 Regulations consolidated and updated earlier instruments which implemented the 1985 Council Directive on the assessment of the effects of certain public and private projects on the environment⁽²⁾.

That 1985 Directive has been replaced by Directive 2011/92/EU of the European Parliament and of the Council of 13 December 2011 on the assessment of the effects of certain public and private projects on the environment⁽³⁾. Directive 2011/92/EU has been amended by EU Directive 2014/52/EU⁽⁴⁾.

The main changes to the 1999 Regulations are:

Regulation 4.(5) and (7) introduce a requirement for the reasons for negative screening decisions to be provided and placed on Part 1 of the register, to be available for public inspection.

(1) S.I. 1999/293.

(2) O.J. No. L175, 5.7.1985, p. 40. Council Directive 85/337/EEC was amended by Council Directive 97/11/EC, O.J. No. L 73, 14.3.1997, p. 5; Directive 2003/35/EC of the European Parliament and of the Council, O.J. No. L156, 25.6.2003, p. 17; and Directive 2009/31/EC of the European Parliament and of the Council, O.J. No. L 140, 5.6.2009, p. 114. The 1985 Directive and the amending provisions of the subsequent Directive were codified in Directive 2011/92/EU of the European Parliament and of the Council of 13 December 2011 on the assessment of the effects of certain public and private projects on the environment, O.J. No. L26, 28.1.2012, p. 1.

(3) O.J. No. L26, 28.1.2012, p. 1.

(4) O.J. No. L124, 25.4.2014, p. 1.

Regulation 4.(8) clarifies that any person may ask the Welsh Ministers to exercise the power of direction.

Regulation 8.(1) limits the requirement for subsequent applications to be subject to the screening process to those cases where the development in question is likely to have significant effects on the environment which were not identified at the time that the initial planning permission was granted.

Regulations 27.(1) to 36.(2) are provisions relating to applications for planning permission made directly to the Welsh Ministers.

Regulation 38.(1) requires a local planning authority who propose to make a local development order to decide whether development is EIA development; and if it is, to take certain steps to enable them to take the environmental information into consideration before making the order.

Regulation 39.(1) applies when a local planning authority or the Welsh Ministers propose to make either a section 97 order under section 97 or 100 of the Town and Country Planning Act 1990, or an order under section 102 or 104 of that Act.

Paragraph 21 of Schedule 1 includes sites for the geological storage of carbon dioxide. Installations for the capture of carbon dioxide streams for the purposes of geological storage are included in order to implement requirements in the Directive on the Geological Storage of Carbon Dioxide (Directive 2009/31/EC)(1).

These Regulations raise and amend the thresholds in Schedule 2 at which certain types of development project will need to be screened in order to determine whether an environmental impact assessment is required under the Directive. These changes are made having taken into account the selection criteria in Annex III to Directive 2011/92/EU, as adopted by the European Parliament and the Council of the European Union on 13 December 2011.

The threshold for industrial estate development projects is raised from areas exceeding 0.5 hectares to areas exceeding 5 hectares (in paragraph 10(a) of the table in paragraph 2 of Schedule 2).

In the case of urban development projects, the existing threshold of 0.5 hectares is raised and amended such that a project needs to be screened if—

(1) Directive 2009/31/EC of the European Parliament and of the Council of 23 April 2009 on the geological storage of carbon dioxide and amending Council Directive 85/337/EEC, European Parliament and Council Directives 2000/60/EC, 2001/80/EC, 2004/35/EC, 2006/12/EC, 2008/1/EC and Regulation (EC) No 1013/2006.

- the development includes more than 1 hectare of development which is not dwellinghouse development; or
- the development includes more than 150 dwellinghouses; or
- the area of the development exceeds 5 hectares (see paragraph 10(b) of the table in paragraph 2 of Schedule 2).

A definition of “dwellinghouse” is inserted in regulation 2.(1) for clarification in this context.

Paragraph 13 of the table in paragraph 2 of Schedule 2 contains an amendment to the provisions relating to changes or extensions to existing development, so that the effects of the development as a whole once modified are considered.

A regulatory impact assessment has been prepared in relation to these Regulations. Copies may be obtained from Planning Division, The Welsh Government, Cathays Park, Cardiff, CF10 3NQ and on the website at <https://www.wales.gov.uk>.

Screening

General provisions relating to screening

4.—(1) Subject to paragraphs (3) and (4), the occurrence of an event mentioned in paragraph (2) determines for the purpose of these Regulations that development is EIA development.

- (2) The events referred to in paragraph (1) are—
- (a) the submission by the applicant or appellant in relation to that development of a statement referred to by the applicant or appellant as an environmental statement for the purposes of these Regulations; or
 - (b) the adoption by the relevant planning authority of a screening opinion to the effect that the development is EIA development.

(3) A direction of the Welsh Ministers determines for the purpose of these Regulations whether development is or is not EIA development.

(4) The Welsh Ministers may direct that these Regulations do not apply in relation to a particular proposed development specified in the direction in accordance with Article 2(4) of the Directive (but without prejudice to Article 7 of the Directive).

(5) Where a direction is given under paragraph (4) the Welsh Ministers must—

- (a) send a copy of any such direction to the relevant planning authority;
- (b) make available to the public the information considered in making the direction and the reasons for making the direction;
- (c) consider whether another form of assessment would be appropriate; and
- (d) take such steps they consider appropriate to bring the information obtained under the other form of assessment to the attention of the public.

(6) Where a local planning authority or the Welsh Ministers have to decide under these Regulations whether Schedule 2 development is EIA development, the authority or the Welsh Ministers must take into account in making that decision such of the selection criteria set out in Schedule 3 as are relevant to the development.

(7) Where a local planning authority adopt a screening opinion, or the Welsh Ministers make a screening direction—

- (a) that opinion or direction must be accompanied by a statement giving clearly and precisely the full reasons for that conclusion; and
- (b) the authority or the Welsh Ministers, as the case may be, must send a copy of the opinion or direction and a copy of the statement required by sub-paragraph (a) to the person who proposes to carry out, or who has carried out, the development in question.

(8) The Welsh Ministers may make a screening direction either—

- (a) of their own volition; or
- (b) if requested to do so by any person.

(9) The Welsh Ministers may direct that particular development of a description mentioned in Column 1 of the table in Schedule 2 is EIA development in spite of the fact that none of the conditions contained in sub-paragraphs (a) and (b) of the definition of “Schedule 2 development” is satisfied in relation to that development.

(10) The Welsh Ministers must send a copy of any screening direction and a copy of the statement required by paragraph (7)(a) to the relevant planning authority.

(5) An authority must adopt a screening opinion within 21 days beginning with the date of receipt of a request made pursuant to paragraph (1) or such longer period as may be agreed in writing with the person making the request.

(6) An authority which adopts a screening opinion pursuant to paragraph (5) must send a copy to the person who made the request.

(7) Where an authority—

- (a) fails to adopt a screening opinion pursuant to paragraph (5); or

the person who requested the opinion may request the Welsh Ministers to make a screening direction.

(8) The person may make a request pursuant to paragraph (7) even if the authority have not received additional information which they have sought under paragraph (4).

PART 3

Procedures Concerning Applications for Planning Permission

Applications which appear to require screening opinion

7. Where it appears to the relevant planning authority that—

- (a) an application which is before them for determination is a Schedule 1 application or a Schedule 2 application;
- (b) the development in question has not been the subject of a screening opinion or screening direction; and
- (c) the application is not accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations,

paragraphs (4) and (5) of regulation 5.(1) apply as if the receipt or lodging of the application were a request made under regulation 5.(1).

Subsequent applications where environmental information previously provided

8.—(1) This regulation applies where it appears to the relevant planning authority that—

- (a) an application which is before them for determination—
 - (i) is a subsequent application in relation to Schedule 1 or Schedule 2 development;
 - (ii) has not itself been the subject of a screening opinion or screening direction; and
 - (iii) is not accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations; and
- (b) the original application was accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations.

(2) Where it appears to the relevant planning authority that the environmental information already before them is adequate to assess the environmental effects of the development, they must take that information into consideration in their decision for subsequent consent.

(3) Where it appears to the relevant planning authority that the environmental information already before them is not adequate to assess the environmental effects of the development, they must serve a notice

seeking further information in accordance with regulation 22.(1).

Subsequent applications where environmental information not previously provided

9. Where it appears to the relevant planning authority that—

- (a) an application which is before them for determination—
 - (i) is a subsequent application in relation to Schedule 1 or Schedule 2 development;
 - (ii) has not itself been the subject of a screening opinion or screening direction; and
 - (iii) is not accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations; and
- (b) the original application was not accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations,

paragraphs (4) and (5) of regulation 5.(1) apply as if the receipt or lodging of the application were a request made under regulation 5.(1).

Application made to a local planning authority without an environmental statement

10.—(1) Where an EIA application before a local planning authority for determination is not accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations, the authority must notify the applicant that the submission of an environmental statement is required.

(2) Where the relevant planning authority is aware that any particular person is or is likely to be affected by, or has an interest in, the application, who is unlikely to become aware of it by means of electronic publication, a site notice or by local advertisement, the relevant planning authority must notify the applicant of any such person.

(3) An authority must notify the applicant in accordance with paragraph (1)—

- (a) within 21 days beginning with the date of receipt of the application or such longer period as may be agreed in writing with the applicant; or
- (b) where the Welsh Ministers, after the expiry of that 21 days or any longer agreed period, make a screening direction to the effect that the development is EIA development, within 7

days beginning with the date the authority received a copy of that screening direction.

(4) An applicant receiving a notification pursuant to paragraph (1) may, within 21 days beginning with the date of the notification, write to the authority stating—

- (a) that the applicant accepts their view and is providing an environmental statement; or
- (b) unless the condition referred to in paragraph (5) is satisfied, that the applicant is writing to the Welsh Ministers to request a screening direction.

(5) For the purpose of paragraph (4)(b) the condition is that the Welsh Ministers have made a screening direction—

- (a) in respect of the development, in the case of an application for planning permission; or
- (b) pursuant to a subsequent application, as the case may be.

(6) If the applicant does not write to the authority in accordance with paragraph (4), the permission or subsequent consent sought is deemed to be refused at the end of the relevant 21 days, unless the condition referred to in paragraph (7) is satisfied and the deemed refusal—

- (a) is treated as a decision of the authority for the purposes of article 29(3)(c) (register of applications) of the 2012 Order; but
- (b) does not give rise to an appeal to the Welsh Ministers under section 78 of the 1990 Act (right to appeal against planning decisions and failure to take such decisions)(1).

(7) For the purpose of paragraph (6) the condition is that the Welsh Ministers have made a screening direction to the effect that the development is not EIA development—

- (a) in the case of an application for planning permission; or
- (b) pursuant to a subsequent application,

as the case may be.

(8) Unless the Welsh Ministers make a screening direction to the effect that the development is not EIA development an authority which has given a notification in accordance with paragraph (1) must

(1) Section 78 was amended by the 1991 Act, section 17(2); the Planning and Compulsory Purchase Act 2004 (c. 5), section 43(2); the Localism Act 2011 (c. 20), section 121 and Schedule 12, paragraphs 1 and 11 and section 123(1) and (3); the Planning Act 2008 (c. 29), section 196(4) and Schedule 10, paragraphs 1 and 3, section 197 and Schedule 11, paragraphs 1 and 2; the Growth and Infrastructure Act 2013 (c. 27), section 1(2) and Schedule 1, paragraphs 1 and 8; the Planning (Wales) Act 2015, sections 45 and 46; and by S.I. 2014/2773 (W. 280), article 3 and Schedule 1, paragraphs 1 and 3. There is another amendment which is not relevant to this instrument.

determine the relevant application only by refusing planning permission or subsequent consent if the applicant does not submit an environmental statement and comply with regulation 17.(6).

(9) A person who requests a screening direction pursuant to paragraph (4)(b) must send to the Welsh Ministers with the request copies of—

- (a) the application;
- (b) all documents sent to the authority as part of the application;
- (c) all correspondence between the applicant and the authority relating to the proposed development;
- (d) a copy of any planning permission granted for the development; and
- (e) in the case of a subsequent application, relevant documents or information relating to the planning permission granted for the development,

and paragraphs (2) to (7) of regulation (1) apply to a request under this regulation as they apply to a request made pursuant to regulation 5.(7).

Application referred to the Welsh Ministers without an environmental statement

11.—(1) Where an application has been referred to the Welsh Ministers for determination under section 77 of the 1990 Act (reference of applications to the Welsh Ministers)(1), and it appears to the Welsh Ministers that—

- (a) it is an EIA application;
- (b) the development in question—
 - (i) has not been the subject of a screening opinion or screening direction; or
 - (ii) in the case of a subsequent application, was the subject of a screening opinion or direction before planning permission was granted to the effect that it was not EIA development; and
- (c) the application is not accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations,

paragraphs (3) and (4) of regulation (1) apply as if the referral of the application were a request made by the applicant pursuant to regulation 5.(7).

(1) Section 77 was amended by the 1991 Act, section 32, Schedule 7, paragraph 18; the Infrastructure Act 2015 (c. 7), section 30(1) and Schedule 4, Part 2, paragraphs 2 and 11(a); and by S.I. 2014/2773 (W. 280), article 3 and Schedule 1, paragraphs 1 and 2. There are other amendments which are not relevant to this instrument.

(2) Where an application has been referred to the Welsh Ministers for determination, and it appears to the Welsh Ministers that—

- (a) it is an EIA application,
- (b) paragraph (1)(b) does not apply; and
- (c) the application is not accompanied by a statement referred to by the applicant as an environmental statement for the purposes of these Regulations,

the Welsh Ministers must notify the applicant that the submission of an environmental statement is required and must send a copy of that notification to the relevant planning authority.

(3) The Welsh Ministers must notify the applicant in accordance with paragraph (2) within 21 days beginning with the date the application was received or such longer period as may be reasonably required.

(4) Where the Welsh Ministers are aware that any particular person is or is likely to be affected by, or has an interest in, the application, who is unlikely to become aware of it by means of electronic publication, a site notice or by local advertisement, they must notify the applicant of any such person.

(5) An applicant who receives a notification under paragraph (2) may, within 21 days beginning with the date of the notification, confirm to the Welsh Ministers that an environmental statement will be provided.

(6) If the applicant does not write in accordance with paragraph (5), the Welsh Ministers do not have a duty to deal with the application and at the end of the 21 days they must inform the applicant that no further action is being taken on the application.

(7) Where—

- (a) a notification has been given under paragraph (2), and
- (b) the applicant does not submit an environmental statement which complies with regulation 17.(6),

the Welsh Ministers must determine the relevant application only by refusing planning permission or subsequent consent.

Appeal to the Welsh Ministers without an environmental statement

12.—(1) Where, on consideration of an appeal under section 78 of the 1990 Act (right to appeal against planning decisions and failure to take such decisions) it appears to the Welsh Ministers that—

- (a) the relevant application is an EIA application; and
- (b) the development in question—

- (i) has not been the subject of a screening opinion or screening direction; or
 - (ii) in the case of a subsequent application, was the subject of a screening opinion or direction before planning permission was granted to the effect that it is not EIA development; and
- (c) the relevant application is not accompanied by a statement referred to by the appellant as an environmental statement for the purposes of these Regulations,

paragraphs (3) and (4) of regulation (1) apply as if the appeal were a request made by the appellant pursuant to regulation 5.(7).

(2) Where an inspector is dealing with an appeal and a question arises as to whether the relevant application is an EIA application and it appears to the inspector that it may be such an application, the inspector must refer that question to the Welsh Ministers and must not determine the appeal before a screening direction is made, except by refusing planning permission or subsequent consent.

(3) Paragraphs (3) and (4) of regulation (1) apply to a question referred under paragraph (2) as if the referral of that question were a request made by the appellant pursuant to regulation 5.(7).

(4) Where it appears to the Welsh Ministers that the relevant application is an EIA application and is not accompanied by a statement referred to by the appellant as an environmental statement for the purposes of these Regulations, they must notify the appellant that the submission of an environmental statement is required and must send a copy of that notification to the relevant planning authority.

(5) Where the Welsh Ministers are aware that any particular person is or is likely to be affected by, or has an interest in, the application, who is unlikely to become aware of it by means of electronic publication, a site notice or by local advertisement, they must notify the appellant of any such person.

(6) An appellant who receives a notification under paragraph (4), may within 21 days beginning with the date of the notification, confirm to the Welsh Ministers that an environmental statement will be provided.

(7) If the appellant does not write in accordance with paragraph (6), the Welsh Ministers have or, where relevant, the inspector has, no duty to deal with the appeal; and at the end of the 21 days the Welsh Ministers, or the inspector, must inform the appellant that no further action is being taken on the appeal.

- (8) Where—
- (a) a notification has been given under paragraph (4), and

- (b) the appellant does not submit an environmental statement and comply with regulation 17.(6),

the Welsh Ministers or, where relevant, the inspector must determine the appeal only by refusing planning permission or subsequent consent.

PART 4

Preparation of Environmental Statements

Scoping opinions

13.—(1) A person who is minded to make an EIA application may ask the relevant planning authority to provide a scoping opinion.

(2) A request under paragraph (1) must include—

- (a) in relation to an application for planning permission—
 - (i) a plan sufficient to identify the land;
 - (ii) a brief description of the nature and purpose of the development and of its possible effects on the environment; and
 - (iii) such other information or representations as the person making the request may wish to provide or make;
- (b) in relation to a subsequent application—
 - (i) a plan sufficient to identify the land;
 - (ii) sufficient information to enable the relevant planning authority to identify any planning permission granted for the development in respect of which a subsequent application has been made;
 - (iii) a description of the possible effects on the environment which were not identified at the time planning permission was granted; and
 - (iv) such other information or representations as the person making the request may wish to provide or make.

(3) An authority receiving a request under paragraph (1) must, if they consider that they have not been provided with sufficient information to adopt a scoping opinion, notify the person who made the request of the points on which they require additional information.

(4) An authority must not adopt a scoping opinion in response to a request under paragraph (1) until they have consulted the person who made the request and the consultees, but must, subject to paragraph (5), within 5 weeks beginning with the date of receipt of that request or such longer period as may be agreed in writing with the person who made the request, adopt a

scoping opinion and send a copy to the person who made the request.

(5) Where a person has, at the same time as making a request for a screening opinion under regulation 5.(1), asked the authority for an opinion under paragraph (1) above, and the authority have adopted a screening opinion to the effect that the development is EIA development, the authority must, within 5 weeks beginning with the date on which that screening opinion was adopted or such longer period as may be agreed in writing with the person who made the request, adopt a scoping opinion and send a copy to the person who made the request.

(6) Before adopting a scoping opinion the authority must take into account—

- (a) the specific characteristics of the particular development;
- (b) the specific characteristics of development of the type concerned; and
- (c) the environmental features likely to be affected by the development.

(7) Where an authority fail to adopt a scoping opinion within the relevant period mentioned in paragraph (4) or (5), the person who requested the opinion may ask the Welsh Ministers under regulation 14.(1) to make a scoping direction.

(8) Paragraph (7) applies even if the authority has not received additional information which they have sought under paragraph (3).

(9) Nothing prevents an authority which have adopted a scoping opinion from requiring the person who made the request to provide additional information.

(10) “Additional information” (“*gwybodaeth ychwanegol*”) in paragraph (9) means information in connection with any statement that may be submitted by that person as an environmental statement for the purposes of these Regulations in connection with an application for planning permission or a subsequent application for the same development.

Scoping directions

14.—(1) A request made under this paragraph pursuant to regulation 13.(7) must include—

- (a) a copy of the request to the relevant planning authority under regulation 13.(1);
- (b) a copy of any relevant notification under regulation 13.(3) and of any response;
- (c) a copy of any relevant screening opinion received by the person making the request and of the accompanying statement of reasons; and

(d) any representations that the person making the request wishes to make.

(2) A person making a request must send to the relevant planning authority a copy of that request, but that copy need not include the matters mentioned in paragraph (1)(a) to (c).

(3) If the Welsh Ministers consider that the information provided pursuant to paragraph (1) is insufficient to make a scoping direction, the Welsh Ministers must give notice to the person making the request.

(4) The notice must set out any points on which additional information is required.

(5) The Welsh Ministers may also request the relevant planning authority to provide such information as they can on any of those points.

(6) The Welsh Ministers must—

(a) consult the person making the request and the consultees before making a scoping direction in response to a request under paragraph (1), and

(b) make a direction and send a copy to the person making the request and to the relevant planning authority, within 5 weeks beginning with the date of receipt of that request or such longer period as may be reasonably required.

(7) Before making a scoping direction the Welsh Ministers must take into account the matters specified in regulation 13.(6).

(8) Nothing prevents the Welsh Ministers, (after they have made a scoping direction) nor the relevant planning authority from requiring the person making the request to provide additional information.

(9) “Additional information” (“*gwybodaeth ychwanegol*”) in paragraph (8) means information in connection with any statement that may be submitted by that person as an environmental statement for the purposes of these Regulations in connection with an application for planning permission or a subsequent application for the same development.

Procedure to facilitate preparation of environmental statements

15.—(1) Any person who intends to submit an environmental statement to the relevant planning authority or the Welsh Ministers under these Regulations may give notice to that authority or the Welsh Ministers under this paragraph.

(2) A notice under paragraph (1) must include the information necessary to identify the land and the nature and purpose of the development, and must indicate the main environmental consequences to

which the person giving the notice proposes to refer in the environmental statement.

(3) The recipient of—

- (a) such notice as is mentioned in paragraph (1); or
- (b) a statement or confirmation made pursuant to regulation 10.(4)(a), 11.(5) or 12.(6) must—
 - (i) notify the consultees of the name and address of the person who intends to submit an environmental statement and of the duty imposed on the consultees by paragraph (4) to make information available to that person; and
 - (ii) inform the person who intends to submit an environmental statement of the names and addresses of the consultees so notified.

(4) Subject to paragraph (5), the relevant planning authority and any consultee notified in accordance with paragraph (3) must, if requested by the person who intends to submit an environmental statement, enter into consultation with that person to determine whether the authority or consultee has in its possession any information which that person considers, or they consider, relevant to the preparation of the environmental statement. If they have, the authority or consultee must make that information available to that person.

(5) A relevant planning authority or consultee which receives a request for information under paragraph (4) must treat it as a request for information under regulation 5(1) of the Environmental Information Regulations 2004(1).

PART 5

- (4) The applicant must send the copies required for the purposes of paragraph (3)(c) to the relevant planning authority.

(5) Where an applicant submits an environmental statement to the authority in accordance with paragraph (1), the provisions of article 12 of and Schedule 3 to the 2012 Order (publicity for applications for planning permission) apply to a subsequent application as they apply to a planning application falling within article 12(2) of the 2012 Order as if the reference in the notice in Schedule 3 to the 2012 Order to “planning permission to” read “consent, agreement or approval to”.

(6) The relevant planning authority must not determine the application until the expiry of 21 days from the last date on which a copy of the statement was served in accordance with this regulation.

Publicity where an environmental statement is submitted after the planning application

17.—(1) Where an application for planning permission or a subsequent application has been made

without an environmental statement and the applicant proposes to submit such a statement, the applicant must, before submitting it, comply with paragraphs (2) to (5).

(2) The applicant must publish in a local newspaper circulating in the locality in which the land is situated a notice stating—

- (a) the applicant's name, that an application is being made for planning permission or subsequent consent and the name and address of the relevant planning authority;

- (f) an address (whether or not the same as that given under sub-paragraph (e)) in the locality in which the land is situated at which copies of the statement may be obtained;
- (g) that copies may be obtained there so long as stocks last;
- (h) if a charge is to be made for a copy, the amount of the charge;

including an electronic address, to which representations should be sent.

(3) An applicant who is notified under regulation 10.(2), 11.(4) or 12.(5) of such a person as mentioned in any of those paragraphs must serve a notice on every such person; and the notice must contain the information specified in paragraph (2), except that the date stated as the latest date on which the documents are available for inspection must not be less than 21 days later than the date on which the notice is first served.

(4) The applicant must, where it has the right to, or can reasonably acquire the right to, post on the land a notice containing the information specified in paragraph (2), except that the date stated as the latest date on which the documents will be available for inspection must be not less than 21 days later than the date on which the notice is first posted.

(b) a certificate by or on behalf of the applicant which states either—

- (i) that a notice was posted on the land in compliance with this regulation and when this was done, and that the notice was left in position for not less than 7 days in the 28 days immediately preceding the date of the submission of the statement, or that, without any fault or intention on the applicant's part, it was removed, obscured or defaced before 7 days had elapsed and the applicant took reasonable steps for its protection or replacement, specifying the steps taken; or
- (ii) that the applicant was unable to comply with paragraphs (4) and (5) because the applicant did not have the necessary rights to do so; that any reasonable steps available to acquire those rights have been taken but unsuccessfully, specifying the steps taken.

(7) Where an applicant indicates that the applicant proposes to provide a statement in the circumstances mentioned in paragraph (1), the relevant planning authority, the Welsh Ministers or the inspector, as the case may be, must (unless disposed to refuse the permission or subsequent consent sought) suspend consideration of the application or appeal until receipt of the statement and the other documents mentioned in paragraph (6); and must not determine the application or appeal during the period of 21 days beginning with the date of receipt of the statement and the other documents so mentioned.

(8) If any person—

- (a) issues a certificate which purports to comply with the requirements of paragraph (6)(b), or
- (b) recklessly issues a certificate which purports to comply with those requirements

and which contains a statement which that person knows to be false or misleading in a material particular, that person is guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

(9) Where it is proposed to submit an environmental statement in connection with an appeal, this regulation applies as if references to the applicant were references to the appellant.

Provision of copies of environmental statements and further information for the Welsh Ministers on referral or appeal

18. Where an applicant for planning permission or subsequent consent has submitted an environmental statement, or further information, to the relevant planning authority in connection with that application and—

- (a) the application is referred to the Welsh Ministers under section 77 of the 1990 Act (reference of applications to Secretary of State); or
- (b) the applicant appeals under section 78 of the 1990 Act (right to appeal against planning decisions and failure to take such decisions),

the applicant must supply the Welsh Ministers with one copy of the statement and, where relevant, the further information unless, in the case of a referred application, the relevant planning authority have already done so.

Procedure where an environmental statement is submitted to the Welsh Ministers

19.—(1) This regulation applies where an applicant or appellant submits an environmental statement to the

Welsh Ministers, in relation to an EIA application which is—

- (a) before the Welsh Ministers or an inspector for determination; or
- (b) the subject of an appeal to the Welsh Ministers.

(2) The applicant or appellant must submit two copies of the statement to the Welsh Ministers who must send one copy to the relevant planning authority.

(3) An applicant or appellant who submits an environmental statement to the Welsh Ministers may provide a copy of it to any other body, and if so must—

- (b) inform the Welsh Ministers of the matters mentioned in regulation 16.(2)(c).

(4) The Welsh Ministers must comply with regulation 16.(3) (except sub-paragraph (a) of that regulation) and the applicant or appellant must comply with regulation 16.(4) as if—

- (a) references in those provisions to the relevant planning authority were references to the Welsh Ministers; and,
- (b) in the case of an appeal, references to the applicant were references to the appellant,

and the Welsh Ministers or the inspector must comply with regulation 16.(6) as if it referred to the Welsh Ministers or the inspector instead of the relevant planning authority.

Availability of copies of environmental statements

20. An applicant or appellant, who submits an environmental statement in connection with an application or appeal, must ensure that a reasonable number of copies of the statement are available at the address named in the notices published or posted pursuant to article 12 of the 2012 Order or regulation 17.(2)(f) as the address at which such copies may be obtained.

Charges for copies of environmental statements

21. A reasonable charge reflecting printing and distribution costs may be made to a member of the public for a copy of a statement made available in accordance with regulation 20.

Further information and evidence in respect of environmental statements

22.—(1) If a relevant planning authority, the Welsh Ministers or inspector dealing with an application or appeal in relation to which the applicant or appellant has submitted an environmental statement, are of the opinion that the statement should contain additional information in order to be an environmental statement, the relevant planning authority, the Welsh Ministers or inspector must notify the applicant or appellant accordingly and the applicant or appellant must provide that additional information; and such additional information is referred to in these Regulations as “further information” (*“gwybodaeth bellach”*).

(2) Paragraphs (3) to (9) apply in relation to further information and any other information except in so far as—

- (a) the further information and any other information is provided for the purposes of an inquiry or hearing held under the 1990 Act; and
