Supporting information:

With constant housing issues within Wales this campaign urges the Welsh Assembly Government to recognise this fact and to act by reviewing the Social Housing Policy as soon as possible. We feel that the present policy discriminates against the indigenous people of Wales on a range of issues and we also feel that local people should also have a say on who vacates any empty social accommodation in their neighbourhoods.

The people of Wales really need your help on this issue and by signing up to this petition and encouraging others to do the same will go a long way into giving them a better opportunity to call somewhere 'home'.
