Dear Bill

Petition No. P-04-655: Demanding our Rights for the Welsh Language in the Private Sector

Thank you for your recent letter asking the Committee to take into account the above petition when following-up on the evidence session held with the Welsh Language Commissioner in December 2015.

You will wish to be aware that we discussed the matter of Welsh language standards in the private sector with the First Minister when preparing for our Legacy Report. The [transcript](#) of that meeting is available on the Committee's webpage.

In our Legacy Report we recommend that our successor committee undertakes a review of the next round of Welsh language standards, as well as undertaking post-legislative scrutiny of the Welsh Language Measure (Wales) 2011.

Yours sincerely

Christine Chapman AM
Chair
