Qualifications Wales Bill Stage 2 Amendments

We would like to commend the Committee for undertaking additional consultation on the Welsh Government amendments to the Qualifications Wales Bill tabled at Stage 2.

We have concerns about substantive changes being made to a Bill during Stage 2, which are then not subject to public consultation. We are considering this as part of our inquiry into Making Laws in the Fourth Assembly. We welcome your approach and would hope to see other committees adopt a similar practice if they were faced with similar substantive amendments at Stage 2.

Yours

David Melding AC/ AM

Cadeirydd / Chair
