UK Government's Plans for further devolution to Wales

Dear Stephen

The Constitutional and Legislative Affairs Committee of the National Assembly for Wales has recently undertaken a short inquiry into the UK Government's plans for further devolution to Wales.

As part of our considerations we took evidence from an expert panel, the Presiding Officer and the First Minister.

Please find enclosed an annex with our findings. I am copying this letter to the First Minister and Presiding Officer.

Yours sincerely

David Melding AM
Chair, Constitutional and Legislative Affairs Committee

Cc: First Minister
Presiding Officer
