Dear Alun,

CLA288 – The Bathing Water Regulations 2013

The Committee considered the above Statutory Instrument at its meeting on 23 September 2013. A copy of our report on the regulations is attached for information.

As you will be aware, the Committee is required to report on instruments that are not made in English and Welsh in accordance with Standing Order 21.2(ix). The Committee has previously been provided with an undertaking that, where possible, a Welsh translation of instruments made jointly with the UK Parliament will be provided.

The Committee was particularly disappointed that these regulations were not available in Welsh. They are of particular importance and relevance to Welsh-speaking communities and in our view, every effort should have been made to ensure the regulations were made available in Welsh also.

I look forward to hearing from you in due course.

Yours sincerely
