

**P-05-732 Unacceptable Waiting Times for NHS patients in A & E  
Wreccsam/Wrexham Maelor Hospital – Correspondence from the Petitioner to  
the Committee, 07.06.17**

Thank you for your correspondence. My first reaction to this was that the problem is in hand and at long last you are doing something about it. But the reality is different. Only just today I heard even more stories about horrendous waiting times in A and E and people giving up after waiting several hours. It appears to me nothing has changed. I think a truly Independent Study needs to be carried out of what is truthfully happening at Wrexham Maelor.

Wrexham People deserve better.

I wish my Petition to continue.

Charles Dodman B.Sc. A.C.A.
