

Prif Swyddog Fferyllol
Chief Pharmaceutical Officer

Llywodraeth Cymru
Welsh Government

Nick Ramsay AM
Chair
Public Accounts Committee

Our Ref: AE

30 October 2017

Dear Mr Ramsay.

Information regarding the anticipated roll out date for the Medicines Transcribing and e-Discharge (MTeD) system across Wales

During the Public Accounts Committee's evidence session on 16 October, I undertook to provide the Committee with details of the anticipated roll out date for the Medicines Transcribing and e-Discharge (MTeD) system across Wales. The roll out of MTeD is being progressed in partnership between the NHS Wales Informatics Service (NWIS) and each health board and Velindre NHS Trust.

To date, MTeD roll out has been initiated in five health boards (Betsi Cadwaladr, Cardiff and Vale, Cwm Taf, Hywel Dda and Powys); planning for roll out at Velindre Cancer Centre is currently underway. In the remaining two health boards (Abertawe Bro Morgannwg and Aneurin Bevan), pre-existing local e-discharge solutions are in place. A full summary of the position regarding MTeD roll out, provided by NWIS, is enclosed with this letter.

Yours sincerely

A handwritten signature in black ink that reads "Andrew Evans".
