Ymateb gan Juliet Hughes | Evidence from Juliet Hughes

I have a 27yr old highly qualified son with autism, the discrimination my highly qualified son has received has been soul destroying.

I believe a law should be passed to protect people like my son Adam...

He has just been asked to leave a drama course where he received Merits!!! as they felt that he wouldn't cope second year. MASSIVE DISCRIMINATION and people are getting away with it. I feel more education should be given to all

I have started to educate people, I will include my presentation. Also a Facebook and media appeal to help my son. Admiral have responded with a tailor made work placement, they should be awarded for this
