Dear Huw,

State of Roads in Wales

Thank you for your letter of 24 April, sharing some timely and helpful thoughts ahead of our inquiry in to the State of Roads in Wales.

The Wales Audit Office's 2011 report on Major Transport Projects has been prominent in our early thinking and we will be keen to discover how it, and PAC's subsequent work in the Fourth Assembly have influenced the way the Welsh Government is now working in this area.

I am grateful for all your suggestions and have asked the clerking team to explore how we can share learning with PAC colleagues as we both look at the Mutual Investment Model, albeit in different contexts.

Best wishes,

Russell George

Chair of the Economy, Infrastructure and Skills Committee
