Dear David

Thank you for your letter of 17 May, regarding petitions P-05-809 and P-05-810 relating to Natural resources Wales (NRW) application for the determination of byelaws relating to salmon and sea trout.

NRW have submitted a formal application for me to determine the proposed byelaws, under the provisions contained within the Water Resources Act 1991.

The NRW consultation on catch controls for salmon and sea trout on Welsh rivers has generated a significant number of responses. My Officials are carefully considering these and other associated responses.

I will then consider the range of issues in detail before making a determination. Therefore, it would not be appropriate for me to comment further at this stage. I will make sure all interested parties are informed of the outcome in the near future.

Regards

Lesley
