Question	Answer
01	Yes
02	Yes
03	Yes
04	Yes otherwise hours of professional time will be wasted whilst local authorities and NHS debate who has certain responsibilities, and the subsequent funding to resource.
08	asap
09	Yes
10	Yes definitely. However it should be stated that occupational therapists in local authorities, as well as NHS, and some are experts in this area and frequently get forgotten in legislation, and yet they are crucial to future planning within housing and achievement of potential
11	sensory integration assessment is essential, but if not specified as a required assessment will often be ignored.
12	my fear , based on evidence in the workplace, is that social services depts are already positioning themselves to say these are purely health assessments and cannot be met or participated in social care professionals.. certainly reablement services, if they are time restricted, do not easily accept people with autism ..
13	Yes
14	if they have informal carers? are they working? do they have a learning disability as well? other health needs
15	It should be written in the guidance.
16	Yes
17	It should happen all the time.

18	good
19	i think there should be a rule that insists all departments at all levels within government need to have a strategy towards making life easier for people who are autistic - ie, considering housing, highways signage etc, transport, planning, employment, edu
