Dear Nick,

### **Directly funded bodies' annual budget proposals**

I wrote to you and other directly funded bodies on 14 January, asking for views on the direction and guidance the Finance Committee could issue to directly funded bodies in formulating future budget proposals. The Finance Committee received responses from yourself, the Assembly Commission, the Auditor General for Wales and the Minister for Finance and Trefnydd.

As you will be aware, in the past the Committee has at times made recommendations or given direction to assist directly funded bodies. Due to the lack of forward funding figures from Spending Reviews, recent tax devolution, and a move to an Autumn UK Budget it has been difficult to develop a workable approach based on funding available to the Welsh Government that would assist bodies when they are formulating their estimates.

The Committee has considered the views of all the directly funded bodies' responses. Whilst budgets should be set in the context of the long term financial funding in Wales and funding pressures in the wider public sector, we also recognise that the work and priorities of directly funded bodies will differ to the Welsh Government.

Therefore, we believe the best approach would be to agree a Memorandum of Understanding (MoU) between the Committee and directly funded bodies, which

sets out the principles that directly funded bodies should consider when preparing their future budget proposals. The aim of the MoU is to ensure budget proposals are transparent, prudent and reflect the financial constraints in the public sector.

The draft MoU is attached to this letter and I would be grateful if you could confirm if you are content or have any comments by **Friday 3 May 2019**.

Should you require any clarification or further information, please contact: Leanne Hatcher, Second Clerk, 0300 200 6343, [SeneddFinance@assembly.wales](mailto:SeneddFinance@assembly.wales)

## **Memorandum of Understanding**

### **Between the Finance Committee of the National Assembly for Wales and Directly Funded Bodies<sup>1</sup>**

**April 2019**

#### **Introduction**

1. This paper comprises a series of principles that directly funded bodies should consider when preparing their annual budget proposals.
2. The Finance Committee believes budget estimates should be transparent, prudent and reflect the financial constraints in the public sector.

#### **Principles approach**

3. Budget requests should be set in the context of the long term financial funding situation in Wales and funding pressures in the wider public sector.
4. Requests should show how annual and multi-annual objectives will be prioritised, monitored and achieved.
5. Bodies should not assume an increase in funding, regardless of the block grant change as any increase to their funding reduces resources available to other devolved public bodies.
6. Bodies should continually seek to improve processes and accrue efficiencies.
7. Where any increases in funding are requested, these should be backed by evidence both of the need, benefit and attempts that have been made to reduce such costs. Also, the consequences of not obtaining the requested increase in resource should be made clear and quantified.

#### **Available Information to draw upon**

8. The Minister for Finance and Trefnydd has offered to provide information on various factors which can be drawn upon to inform future budget plans such as the latest guidance on public sector pay remits, GDP deflator forecasts, forecasts of devolved taxes and the Welsh Government's best possible assessment of the overall level of funding available in future years.

This information will be forwarded to directly funded bodies for their consideration.

### **Review of this Memorandum of Understanding**

9. This document will be reviewed by the Finance Committee the year of implementation and periodically thereafter and updated as necessary.
