Text of Petition

We call on the National Assembly for Wales to urge Welsh Government to regulate commercial bus operators and give powers and funding to Local Authorities to run services that best meet the needs of local people. As well as providing access to employment and education, public transport is a social, health and wellbeing issue which is growing as bus services are being rapidly reduced, affecting the mental and physical health and well being of many residents who will become socially isolated and unable to get to basic services.

Additional Information

Bus operators are cutting many core services which were previously operating with little or no subsidy. Operators are not tendering for new contracts and some are requesting 6 figure sums as a subsidy to continue which is unaffordable for Local Authorities who are facing budget pressures. Local Authorities cannot run services in competition with operators. Passenger journey times for those accessing employment take too long as direct services are being cut if still exist at all and some are overcrowded. The majority of residents attending the many public meetings we have held are older people who are concerned about accessing services, attending health appointments and becoming isolated. Loneliness is a huge issue in our society. It is our aim to enable older people to live in their own homes longer. It is our aim for them to stay mentally and physically fit and active. Public bus transport is now a huge urgent issue that needs addressing quickly.
